

EQUITY IMPACT AND ASSESSMENT

The Opportunity Gap between students of color and white students in Minneapolis Public Schools is unacceptable. Our school is working to change practices and systems using the MPS Equity Framework for Transformational Change.

- We will be working with all staff and students to build capacity for this work because we believe that teaching and learning takes place in the classroom, in the halls, in the staffroom, in the school, and beyond, and involves everyone all the time.
- We will be assessing the equity impact of this Family Involvement Plan (FIP) on a yearly basis.
- We will review attendance patterns for targeted student & family groups.
- We will review and incorporate family feedback for our family engagement strategies.
- We will utilize “Guiding Questions” to ensure that our FIP strategies align with Acceleration 2020, our school’s School Improvement Plan (SIP), and the MPS Equity Framework for Transformational Change.

GUIDING QUESTIONS: Use the following questions as your school develops your FIP, as well as when your school is assessing its FIP strategies.

- Do the strategies listed in your FIP directly support your SIP goals? In what specific ways?
- Do the strategies listed in your FIP directly support Acceleration 2020 Goals? In what specific ways?
- Are the strategies in your FIP successfully engaging targeted student groups and families that have been historically underrepresented? What evidence do you have to support this? Are the parent/family take-aways from these activities helping your school to reach your specific SIP goals?
- Do strategies in your FIP combine academics with relationship-building? In what ways?
- Do strategies in your FIP build on the value of families as partners or family leadership? In what ways?

ASSESSING THE EQUITY IMPACT OF YOUR FIP STRATEGIES:

- Review attendance patterns for targeted student & family groups most impacted by the opportunity gap.
- Utilize the “Guiding Questions” above to monitor the effectiveness of your FIP.
- Summarize & document your findings right on your FIP so that you can refer back to it later.
